Summer 2018 Scarlet Guard Marching Band Practice Schedule

We do require you to be in attendance for EVERY rehearsal. In order to accomplish what we all set out to do, we need to work efficiently. Our rehearsals DO NOT work when people are missing - it completely changes how other students learn our on-field work when there are "holes" (missing people) around them, then have to spend time teaching that material later when the group could be moving on to something else.

Please keep in mind that dates and times may be subject to change and any changes that may be made will be announced via remind/classroom/email.

All handouts/calendars/information will be posted on the Scarlet Guard Classroom which will be available in the Spring. I will be using this platform to pass along information and calendars. You can easily sync the Google Calendar on to your cell phone which will update as soon as I update any information (including call times, addresses, etc.).

I also use Remind regularly to contact both students and parents it is REQUIRED that every student is signed up for the group. The 2018 group information will be available in the spring - please be sure to sign up!

All dates are mandatory which is why this schedule is being given to you in advance - please plan accordingly. Any conflicts that may occur must be brought to the attention of the director as soon as you are aware of the conflict. This schedule has been created with all fall sport summer practice schedules that were available.
